## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments and amendments with respect to claims 9, 10, 19, 20 have been fully considered and are persuasive. The objections to these claims has been withdrawn. Applicant's amendments to the specification have overcome the objection to the drawing, therefore this objection has been withdrawn.
2. The examiner has outlined how the instant application overcomes the prior art in the Detailed Action mailed on 3/30/2005. The examiner will not repeat the comparison between the prior art and the applicant's claims.
3. It should be noted though, that while there is no one feature that specifically defines over the prior art, none of the references alone or in combination teach all of the recited elements and limitations. Therefore the claims as a whole define over all the prior art made of record.

### ***Allowable Subject Matter***

4. Claims 1-20 are allowed.
